Denver, Colorado

Dear Major Finch:

Thank you very much for your assistance and cooperation in connection with the Second Police Training School. Your lectures were much appreciated by the men in attendance.

After deducting the necessary expenses of the school, I find that there remains a small sum which I am dividing among the instructors on the basis of the number of lectures given. The amount of the check enclosed herewith was arrived at in that way and by no means attempts to compensate you for your time and effort.

Sincerely yours,

D. C. Sowers
