Denver, Colorado.

Dear Captain Finch:

Your application of September 7, 1923, for appointment as Captain, Cavalry Officers' Reserve Corps, has been carefully considered and you have been recommended for the appointment desired.

It is noted, however, that in your application you give your date of birth as June 5, 1878, while the records of this office show your date of birth as June 5, 1868. Nothing is found of record in this office relative to your naturalization.

It is requested that you furnish this office with a statement showing your correct date of birth and that you also furnish further data relative to your naturalization in order that the statement in your application may be verified. The courtesy of your early reply will be appreciated.

Very truly yours,

Robert C. Davis
The Adjutant General.
